9538074648

Bangalore, Bangalore, Karnataka, 585306, India

Enthusiastic Computer Science graduate with hands-on Java backend experience. Completed internships building real-world projects using Spring Boot, JDBC, and MySQL. Strong in OOP and REST APIs, eager to contribute to collaborative, Agile software development teams.

Work Experience

Java Development Intern | CodeSoft

Aug 2025 - Sep 2025

Java Developer | remote

Completed 5 small-scale Java projects including a Number Guessing Game, Student Grade Management System, and Employee Records CRUD operations.

Applied OOP principles and Java syntax to design user-interactive applications.

Used GitHub to host and manage version-controlled codebases.

- Completed 5 small-scale Java projects including a Number Guessing Game, Student Grade Management System, and Employee Records CRUD operations.

Java Backend Intern | Fooz Global LLP

Mar 2025 - May 2025

Java Backend Intern | remote

Developed backend modules to manage transaction data and receipt generation.

Created Java-based services to enable real-time updates after payment processing.

Participated in unit testing and team debugging sessions to resolve critical bugs.

Full Stack Development Intern (Java Focus) | Cranes Varsity Pvt. Ltd.

Aug 2023 - Sep 2023

Backend Developer | Bangaluru

Week 1: Mastered Core Java – OOP, Collections, and Exception Handling.

Week 2: Explored frontend basics – HTML, CSS, and JavaScript.

Week 3: Worked with JDBC and Servlets for database-driven applications.

Week 4: Developed an Employee Management System with Java, JDBC, and MySQL, including full CRUD functionality.

Projects

Privacy Preservation in Multi-Cloud Secure Data Fusion

Present

Developed a secure Java system for employee data handling across multiple cloud sources.

Implemented encryption mechanisms and optimized data access efficiency.

Student Grade Management System

Present

Built a Java application to manage student grades, records, and result generation.

Implemented menu-driven UI and persistent data storage using file handling.

Employee Management System

Present

Created using Java, JDBC, and MySQL with full CRUD operations.

Enabled real-time updates and database interactions for employee records.

Education

Bheemanna Khandre Institute of Technology

Dec 2020 - Jun 2024

B.E Computer Science

Relevant Coursework: Programming in Java – NPTEL (IIT Kharagpur)

GPA: 6.7

Certificates

Java Programming

NPTEL
